

Southmoore Instrument Arts Program
Online and App Based Notification and Information Services
 updated August 3, 2020

The Southmoore Band utilizes many methods of communication to help keep our patrons, parents, and students informed. Technology help us to provide patrons with information concerning future events and real time updates while events are occurring. Please keep yourself informed by actively seeking information via the following services:

<h2 style="text-align: center;">Our Apps</h2>			
Description	App Icon	Who needs it	Notes
band		All Band Members, Patrons, Guardians, Parents, etc.	Unlike Remind, this app does not send SMS text messages to your phone. Please take the time to read the notices at the top of the page and set your notifications appropriately so you can stay notified. The only people who can post on the main page are band directors. Chats are accessible by anyone.
Remind		Colorguard Students and Parents	Remind will send notifications both as a text messages to your phone number and on the app. The limit per class is 150 students therefore it is no longer feasible for the entire band.
Slack		Percussion Students and Staff (parents <u>absolutely</u> invited)	The Slack app is helpful in smaller group collaboration. This app has served as a workspace our percussionists have utilized to communicate with each other and the percussion staff regarding information and instruction.
Charms		The app is not required, but it could be a great way to easily access your student's Charms account!	All student's finances are viewable on the Charms app incusing payments, fees and London trip payments. Many other features are being utilized this year (calendar, adult volunteer sign-up, instrument and uniform check-out, etc.) and will be viewable on Charms.

<h2 style="text-align: center;">Notification Groups</h2>			
Group	App	Description	To Enroll
